## **Win 3 Months FREE Processing!**

February 19th, 2010

We here at TelPay know that doing payroll electronically using our TelPay for Business software saves companies both time and money. We also know that any company who's made the switch over to bill payments ends up saving even more time and money. It is because of this fact that we are holding a contest for all new bill payment customers.

We will help you be set free of cheques forever! By using TelPay for Business for bill payments you merely have to provide us with payment instructions – no need to get banking details from your vendors. We take care of that for you!

We are convinced that you'll save both time and money. And if it doesn't work out, there is no obligation to continue with bill payments.

### **Contest Details**
