Dec 3, 2009 - TelPay Inc is now on Facebook and on Twitter!

TelPay Incorporated is the largest independent bill and payment processing company in Canada. In an effort to further develop the culture of openness and innovation which has helped TelPay develop into the largest independent bill and payment processing company in Canada, TelPay is now embracing the world of social media to help nurture this culture in the world of web 2.0. TelPay Incorporated recognizes the inherent value of social media as an opportunity to engage with our customers on a deeper level.

With the creation of the [TelPay Fan Page](#), TelPay's fans can post comments, inquire about products, and learn about some of the latest trends in the world of electronic commerce, payment processing, and the future direction of the industry. The page is an inclusive page for people of all ages, race, gender, and ethnicity as a place to openly share, learn, and engage. As a TelPay fan, everyone has the opportunity to learn more about the company, keep up to date, and to be associated with the "Green Leader" of the Canadian financial industry.

Similarly, the [TelPay Twitter Page](#) is the instant communication line for the company. As a Twitter follower you have access to the most up-to-date information on TelPay, industry news, and related articles of interest. In the future, product launches and promotions will be launched via our Twitter page first so that our most ravenous followers get the first crack at our newest offerings. In summation, our Twitter page is about micro-blogging, social messaging, event coordination and promotion, news reporting service, and our real-time marketing utility. Feel free to give us a follow!

The end of 2009 is the start of the social TelPay, and will no doubt lead us to a more collaborative business model. In the future, we anticipate being able to utilize crowd sourcing to help us bring better products to market, and to use our social media involvement as a means to work more closely with our clients, business partners, and fans. Feel free to get in touch with us via one of the two sites listed, and keep an eye on our website for new and exciting products and applications.

About TelPay - TelPay Incorporated is the largest independent bill and payment processing company and is now a national technology company sending electronic payments across the nation. TelPay provides a unique service to businesses who want to streamline their accounts payable and receivables while offering a wider selection of payment options to their customers.
