### TelPay Incorporated

Moving \$5.3 billion in e-payments annually, TelPay makes it possible for financial institutions, personal users, and businesses to facilitate e-payments to anyone, anytime, anywhere in Canada. TelPay creates technology and provides services that make it faster, easier, and more cost effective to pay bills and receive payments electronically. Founded by W .H. (Bill) Loewen as a division of Comcheq Payroll Services in 1985, TelPay provided Canadians with their first “bill-payment-by-phone” experience. Today, TelPay serves 250 financial institutions and thousands of businesses, making it the country’s largest, independent processor of e-payments.
