TelPay Incorporated expands on the growing list of government agencies that can be paid electronically!

The following Revenue Quebec payments can be made using TelPay On-line, TelPay Over the Counter (OTC), Government Remittances On-Line, TelPay Bill Payment Plus and TelPay for Business;

- Revenue Quebec Corporate Income Tax
- Revenue Quebec GST/HST Installment
- Revenue Quebec GST/HST Return
- Revenue Quebec GST/HST-QST Installment
- Revenue Quebec GST/HST – QST Return
- Revenue Quebec QST Installment
- Revenue Quebec QST Return
- Revenue Quebec Source Deductions (monthly, quarterly, etc)

All information submitted with remittances on extra screens is captured and sent to Revenue Quebec electronically, eliminating the use of paper.

TelPay has also added the following government agencies to our list of standard billers. Just enter an account number to pay any of the following electronically;

- Revenue Quebec Personal Arrears
- Revenue Quebec Personal Assessment (2005, 2006, and 2007)
- Revenue Quebec Personal Installment
- Revenue Quebec Personal Tax Due
- Revenue Quebec Support Payment

- WHSCC Newfoundland & Labrador

- Manitoba Gaming Control Commission
- Manitoba, Winnipeg Land Title Office
- Manitoba CLPA – Agriculture

- Family Support – Province of New Brunswick

For more information about bringing our *Pay Anyone* service to your customers, please contact a TelPay sales representative at 1-800-665-0302 or sales@telpay.ca.

To learn more about our commitment to helping Canadian financial institutions reduce their ecological footprint please visit our web site at <http://www.telpay.ca/news.php> for information about our sponsorship of a new study into the environmental impact of producing and mailing paper bills and cheques.

TelPay is Canada's largest independent electronic payments processor, committed to creating efficiencies that make a difference in people's lives. This latest enhancement to our *Pay Anyone* service is a direct result of our desire to anticipate and meet the needs of our customers.
