Telpay Incorporated: Business Payment System Enhancements that benefit all businesses across Canada.

WINNIPEG, MANITOBA--(December 28, 2017) –Telpay Incorporated is pleased to announce a new venture and a new partner, whose services are designed to add value to customers of its all-in-one electronic payment system, Telpay for Business™.

TELPAY ADDS CURRENCY CONVERSION AND FORWARDS TO ITS SUITE OF INTERNATIONAL PAYMENT SERVICES

Telpay announces a new venture, TelpayFX Inc., including a new partnership with AFEX, one of the world's largest international payments providers, to be the global currency exchange provider for Telpay for Business customers. TelpayFX Inc. enables Canadian businesses to process currency conversions at ultra-competitive exchange rates. It also enables the purchase of "forwards", which can be used to minimize the impact of currency fluctuations for up to 12 months.

This new service further complements Telpay's existing international payment capabilities including USD and international payments via CIBC and Payline by ICE. Jeff Boyko, President of TelpayFX Inc., brings his extensive experience in global currency services to lead this exciting new venture.

TELPAY ADDS A NEW MOBILE TIME TRACKING & PAYROLL SYSTEM PARTNER FOR CANADIAN BUSINESSES

Telpay is pleased to announce a new addition, PayTickr, a Canadian mobile time tracking and payroll system with GPS location tracking capabilities, to its growing list of payroll services partners.

By integrating with Telpay, PayTickr can pay all employees and all source deductions, including group insurance and government remittances. It also integrates the entire payroll process with the customer's accounting system. PayTickr will integrate bill payments, accounts receivable and journal entries, thereby minimizing the accounting effort.

This collaboration is a further step in Telpay's plan for integrating all accounting functions to create a fully automated accounting system.

About Telpay
